

# Chicago Golf Club Fights Tipping: Britain to Have World's Best Tennis Plant

## OLYMPIA WILL PENALIZE GIVER AS WELL AS TAKER

By the Associated Press.  
CHICAGO, May 18.—A formal campaign against tipping, with severe penalties for both tipper and taker, has been started by the Olympia Fields Club, said to have the largest membership of any golf club in the world, with four hundred and fifty members and a fifth planned.

It is an invitation to the members to advise the club of any member who is guilty of tipping, and the recipient of the gratuity to be forthwith dismissed from service. In many cases golfers have tipped caddies because of friendliness for the lad who helped them with a game. The club, however, has been threatened by the board of governors and pastimes committees advise that the rules forbid tipping of waiters, course starters and caddies, pointing out in diplomatic language that the practice leads to undemocratic discrimination in favor of the more liberal tipsters.

## AMERICAN LEAGUE PLAYING BETTER BALL THAN IN 1921

By John B. Foster.  
ODD conditions are occurring in the pennant race of the American League. The interesting fact is that the league, as a body, is playing better ball than last year. Figures prove it, and the Philadelphia fans are positive of it. Midway base ball in 1921 found the Athletics floundering in last place. They had their heads under water all of the season. This year they are midway in the steep climb and over 125 points better off in their ledger account for the pennant.

The Yankees were to have been scotched by now if only pre-season plans could be carried out. Without Ruth and Meusel, hungry managers licked their chops in anticipation of the feast they would have at Huggins' expense. It looked as if they were going to get it, but they haven't. Cold figures show that the Yankees, in spite of the thrashing that Detroit gave them, are playing better ball than they did last spring. Lots of folks wouldn't believe it if the figures were not on record.

The real falling off in the league as compared with a year ago is in Washington, Cleveland, Chicago, Boston and Detroit. The clubs that have gained are New York, St. Louis and Philadelphia. Here enters another coincidence. The clubs that have gained in the National League race are from the same cities as those which show gains in the American League. New York, St. Louis and Philadelphia are better off in percentage than they were a year ago. The others have wasted away. Pittsburgh shows a feverish decline and Boston is in the last stages, eighth place. The Chicago Cubs, about which there has been so much crowing, have not won as many games as a year ago. In one game nearly all base ball men were right. The St. Louis teams are in the fight.

**BIG NEED FOR BETTER SHAVING**  
How Many Men in This Town Had a Good Shave This Morning?  
Probably a thousand or so started the day with a hot-tempered shave. What any one of them took out of himself in mental waste and physical strain would pay a dime to have over for a New Improved Gillette.
